PROOF OF CONCEPT
Poor Business Idea Inc. - Untested Concept

Concept Overview

We have an idea. We have not tested it yet. We think it might work.

We do not have a prototype. We have not built anything yet.

Features

The product will have features. We are not sure what features yet.

We will add features based on what customers want.

Technical Feasibility

We think it is technically possible. We have not tried to build it yet.

We will need to learn more about technology. We are not experts.

Pilot Results

We have not run a pilot yet. We need funding first to test it.

We believe once we have funding, we can test and it will work.
