BUSINESS PLAN
Poor Business Idea Inc.

Executive Summary

We want to start a business. We think it will make money. We need funding to get started.

The business will be about selling things online. We believe there is a market for this.

Business Model

We will sell products. People will buy them. We will make profit.

We are not sure about pricing yet. We will figure it out later.

Market Opportunity

There are many customers out there. We think we can reach them somehow.

We have not done much research. We just think it will work.

Financial Projections

We expect to make a lot of money. Maybe $1 million in the first year. We are not sure how but we will try.

We have not calculated expenses properly. We will figure it out as we go.

Team

We are a small team. We do not have much experience. We are learning as we go.

Funding Requirements

We need $200,000 to start. We will use it for various things. We are not entirely sure what yet.

We think this will be enough to get started and make money.
